

Relief Vehicle Overview

TOYOTA
Fleet Management

Getting your drivers back on the road as fast as possible

In the event of an unforeseen situation, a Toyota Fleet Management (TFM) relief vehicle ensures your drivers are able to stay on the road.

How does it work?

If your lease vehicle is unfit for normal use for longer than 24 hours due to mechanical fault, accident or breakdown, TFM will supply a suitable relief vehicle until the allocated vehicle is repaired (for an agreed period of time).*

Features:

- Nationwide coverage
- No extra charges above our monthly lease rental
- Access to a broad range of vehicles, including:
 - Passenger
 - Light commercial utes
 - Vans
 - No kilometre restriction.

Benefits:

- Reduced downtime as your staff can be back on the road sooner.
- No surprises or hidden costs as the relief vehicle cost is covered in your monthly invoice.
- You save time because our team will make all arrangements on your behalf.

Like to find out more?

For more information on TFM's relief vehicle service, contact your TFM Relationship Manager or call us on **0800 GO FLEET.**

* Applies to passenger and light commercial vehicles only, and drivers who hold a valid NZ license.

#Customer is responsible for fuel, damage, insurance excess and delivery charges.

Vehicle use is limited to a maximum period as agreed with TFM. Usual period is a maximum of 14 days.
